U.S. v. PALATZIN-Catarino, Bibiano

Criminal Complaint

COUNT 1: 8 USC 1325(a)(1) EWI Misdemeanor: On April 30, 2025 the defendant was encountered by Border Patrol Agents in Hidalgo County, NM. At the time of the encounter, the defendant admitted being a citizen of Mexico and illegally crossing the U.S./Mexico border approximately 26 miles North/East, West of the Antelope Wells, NM Port of Entry on or about April 29, 2025. This is not designated as a legal Port of Entry. When questioned, the defendant stated he did not possess any valid immigration documents that would allow him to enter or remain in the United States. Immigration checks do not indicate that the defendant has ever applied for nor received the consent of the appropriate authority of the United States to apply for admission.

COUNT 2: Title 50 United States Code 797 prohibits the willful violation of any defense property security regulation. Section 797 defines a "defense property security regulation" as a property security regulation that pursuant to lawful authority--

(a)(2)(A) shall be or has been promulgated or approved by the Secretary of Defense (or by a military commander designated by the Secretary of Defense or by a military officer, or a civilian officer or employee of the Department of Defense, holding a senior Department of Defense director position designated by the Secretary of Defense) for the protection or security of Department of Defense property"

(a)(3)(A) relating to . . . the ingress thereto or egress or removal of persons therefrom.

The term "Department of Defense property" means property subject to the administration or in the custody of the Department of Defense. On April 15, 2025, the Department of Interior transferred Federal lands including the approximately 60-foot strip of land contiguous to and parallel with the international border between the United States and Mexico (the "Roosevelt Reservation") in Doña Ana, Luna and Hidalgo Counties in New Mexico to the jurisdiction of the Department of the Army. See Public Land Order No. 7963. On April 18, 2025, the Secretary of the Army assigned the above-described Federal lands to United States Army Garrison Fort Huachuca for use as National Defense Areas (hereinafter NM National Defense Areas). U.S. Army General Order No. 2025-10. On April 18, 2025, the military commander at Fort Huachuca issued a security regulation designating the NM National Defense Areas as both a restricted area and a controlled area under Army Regulation 190-13 prohibiting the unauthorized entry into the National Defense Areas.

On April 29, 2025, when illegally entering the United States from Mexico in Hidalgo County, New Mexico, Defendant willfully violated the security regulation prohibiting unauthorized entry of property subject to the administration or in the custody of Fort Huachuca by his unauthorized entry into the NM National Defense Areas. On April 24, 2025, signs were posted in the NM National Defense Areas stating in both English and Spanish that this is a restricted area and that unauthorized entry is prohibited.

Based on the facts alleged in this criminal complaint, there is probable cause to believe that Defendant violated 50 U.S.C. § 797 by willfully violating a security regulation or order prohibiting unauthorized entry onto the NM National Defense Areas.

COUNT 3: On April 15, 2025, the Department of Interior transferred Federal lands including the 60-foot strip of land contiguous to and parallel with the international border between the United States and Mexico (the "Roosevelt Reservation") in Doña Ana, Luna and Hidalgo Counties in New Mexico to the jurisdiction of the Department of the Army. See Public Land Order No. 7963. On April 18, 2025, the Secretary of the Army assigned the above-described Federal lands to United States Army Garrison Fort Huachuca for use as National Defense Areas. U.S. Army General Order No. 2025-10. On April 18, 2025, the military commander at Fort Huachuca designated the above-described area (hereinafter NM National Defense Areas) as a Controlled Area as defined in Army Regulation 190-13. In chapter 6, AR 190-13 provides: "Army installations ... are restricted areas. At a minimum, the type of restriction is the controlled level." AR 190-13 also defines "controlled area" as

It would

a "type of restricted area in which access to the general public is denied, unless certain entry controls are met," and "restricted area" as an "area defined by an established boundary to prevent admission, unless certain conditions or controls are met, to safeguard the personnel, property, or material within."

On April 30, 2025 when Defendant was apprehended by U.S. Border Patrol, Defendant did not have authorized access from the U.S. Army to enter the NM National Defense Areas. Based on the location of Defendant's apprehension by U.S. Border Patrol, the Defendant illegally crossed the international border with Mexico into the United States through the NM National Defense Areas.

On April 24, 2025, signs were posted along the NM National Defense Areas stating in both English and Spanish that this is a restricted area, and that unauthorized entry is prohibited.

Based on the facts alleged in this criminal complaint, there is probable cause to believe that Defendant violated 18 U.S.C. 1382 by entering a military reservation, post, fort, yard, station or installation, the NM National Defense Areas, for a purpose prohibited by law, specifically illegal entry into the United States.
